

# Mobile and Web Innovations in Systems and Service-Oriented Engineering (Premier Reference Source)

The continuous advances in mobile and web technology are forming the areas of software and systems development and the connection between service users and providers. Mobile and Web Innovations in Systems and Service-Oriented Engineering offers widespread knowledge on modern organizations and the complications of the current globalized computing environment. This book is aimed at both industry and academia on the multidisciplinary field of service-oriented engineering.

**Acquisitions - IBM** Oct 10, 2016 Departments of Industrial and Systems Engineering, Education, Sociology, and technology selection, Service-Oriented Architecture and Enterprise ..
