

Quick \$tart Guide for Day Trading Beginners

Read this Christo Ricardo book on your PC, Mac, smart phone, tablet or digital device or in paperback. There are a lot of pre-education and pre-trading decisions you will need to make as a complete beginner before you spend any money on trading or capitalizing an account to trade live with. Quick \$tart Guide for Day Trading Beginners delivers a basic comprehensive guide to the proper tools and resources needed to help give beginner investor and traders the best information to make some of those hardest decisions as well as helping you to cut down the long learning curve there can be to becoming successful in this business, enabling to make an unlimited income from anywhere in the world. When you are done reading Quick \$tart Guide for Day Trading Beginners you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education. The information in Quick \$tart Guide for Day Trading Beginners will put you on the fast track to becoming a successful self-directed financial market investor and trader with very little money invested other than the cost of this book. It will also tell you how to get started trading real money in the live market on as little as \$500 and making an income from the financial markets right away. If you are a beginner make this the first book you buy versus the tenth, you'll save yourself a lot of time and hard earned money. The professional advice I give you in Quick \$tart Guide for Day Trading Beginners will empower you to have confidence and zero fear of going in the live markets and accurately initiating a low risk high reward position with which you can have a high probability outcome from being a live market participant. Becoming a successful self-directed investor and trader is not nearly as difficult as one would think as long as they have the proper education and proper knowledge base right

from day one. It takes a while to learn but you can do it! The road to success in the business of investing and trading is paved with the wreckage of blown accounts of novice retail traders who did not take the time to do the education, the practice, and the psychological development necessary to become consistently profitable in this business. Dont be that trader!
