

Travels from St Petersburg in Russia, to Diverse Parts of Asia 2 Volume Set (Cambridge Library Collection - Polar Exploration)

John Bell (1691-1780) trained as a physician, but preferred a life of travel and diplomacy. He entered the service of Tsar Peter the Great of Russia, and had already taken part (as the expeditions doctor) in a government mission to Persia in 1715-18 when he was asked to join an embassy to China. This two-volume work, published in 1763, describes both these journeys. The first part of Volume 1 contains the Persian expedition, and the second a narrative of the journey across Siberia to the walls of Beijing. Volume 2 describes the embassys reception in Beijing and the return journey. It also includes the journal of Lorenz Lange (c.1690-1752), a Swede in Russian service who was an agent at the court of Beijing at the time of Bells own mission, and short accounts of Bells later visits to Derbent on the Caspian Sea, and to Constantinople.
