

# Unfinished Business: One Mans Extraordinary Year of Trying to Do the Right Things

After losing his job, Lee Kravitz, a workaholic in his mid-50s, took stock of his life and realized just how disconnected he had become from the people who mattered most to him. He committed an entire year to reconnecting with them and making amends. Kravitz takes listeners on 10 transformational journeys, among them repaying a 30-year-old debt, making a long-overdue condolence call, finding an abandoned relative, and fulfilling a forgotten promise. Along the way, we meet a cast of wonderful characters and travel the globe---to a refugee camp in Kenya, a monastery in California, the desert of southern Iran, a Little League game in upstate New York, and a bar in Kravitz's native Cleveland. In each instance, the act of reaching out opens new paths for both personal and spiritual growth. All of us have unfinished business - the things we should have done but just let slip. Kravitz's story reveals that the things we've avoided are exactly those that have the power to transform, enrich, enlarge, and even complete us. The lesson of the book is one that is applicable to us all: Be mindful of what is most important, and act on it. The rewards will be immediate and lasting.
