

## Funds 500

For millions of investors, Morningstar 500 stands alone. This one-stop mutual fund reference allows investors, money managers, and stockbrokers to quickly and accurately find funds best suited for their own risk/reward requirements. Each fund is examined on 14 different points, historic performance figures are evaluated, the 25 top portfolio holdings in each fund are listed, and much, much more. Because Morningstar markets no funds of their own, they are recognized for their objective and unbiased opinions. Based on proven track records and strategic potential for further growth, Morningstar editors choose 500 funds, then list user-friendly data for each fund that includes: -- Morningstars prestigious Star ratings-- Performance graphs plus risk and tax and analysis-- Managers investment style and strategy
