

Visual Communication: Images with Messages, 5th Edition

Visual communication is just as important as verbal communication, if not more so. VISUAL COMMUNICATION: IMAGES WITH MESSAGES, 5E, shows you how visual perception is used in all forms of communication, whether its graphic design, photography, television, video, or interactive media. Packed with study and review tools, this communications textbook will not only clearly explain the theories you need to know, but also help you prepare for tests and succeed in class.
