

## Tapping Into Profits: How To Get Your Message Out Profitably - Online & From The Stage (Expert Interview Series) (Volume 5)

Entrepreneurs, Solopreneurs, and Small Business Owners This Book Is For You! How To Get Your Message Out Profitably - Online & From The Stage Getting your message in front of your ideal customer is a vital step to building your business and higher profits. Many business owners overlook the rich opportunities available to them by communicating their message both online and from the stage. Using the insights revealed here by these experts you can quickly and easily create more profits, with less effort, for a better quality of life. Don't miss the insights that are revealed here! This book reveals the top level tips and strategies that you can implement to start and grow your business quickly. The insights that Felicia Slattery and Paul Taubman share in their interviews are vital to your business success. Each shares what they discovered in starting and growing their business to a highly successful level and how you can implement those discoveries in your business. Interview Topics: + Building Your Business By Speaking Your Truth While Networking, Online, And From The Stage - Felicia Slattery + Turning Your Website Into A Profit Center - Paul Taubman Felicia Slattery is an expert in showing you how to craft and deliver your message effectively through public speaking. Having a clear and concise targeted message is vitally important to your business success. Part of crafting that effective message is knowing and understanding your audience. The tips and strategies that Felicia shares will enable you to rapidly create an effective message specifically designed for your particular audience. Following her advice will entice your customers to do even more business with you. You can learn how to craft and deliver an effective message today with the information that Felicia shares in this interview. Paul Taubman is an expert in crafting effective WordPress websites. In this interview, he shares

insights, tips, and strategies for creating your website and turning it into a profit center instead of a marketing expense. Entrepreneurs and small business owners understand that having a web presence is a requirement for doing business in today's economy. Most simply see their website as a marketing expense. Using the information that Paul shares in this interview, you can effectively generate more revenue as a direct result of your website even without having to sell anything online. By properly crafting your website and including the right information not only will your website attract the right customers but they will buy more from you. You will be happy with your new website results when you implement what Paul shares in this interview.
