

Knowledge Management

APQC conducted a consortium benchmarking study of knowledge management--the strategies and processes of identifying, capturing, and leveraging knowledge to help firms compete. Key findings from this study are available in Knowledge Management. Discover successes from knowledge management evolution, implementation of knowledge management strategies, and in-depth case studies. Review six emerging knowledge management strategies that best-practice companies are using to address their knowledge management needs: knowledge management as a business strategy, transfer of knowledge and best practices, customer-focused knowledge, personal responsibility for knowledge, intellectual asset management, and innovation and knowledge creation. Subject Matter Expert Carla ODell, Ph.D., president of APQC and director of APQCs International Benchmarking Clearinghouse Best-Practice Partners Arthur Andersen Chevron Corporation Dow Chemical Company Hughes Space & Communications Kaiser Permanente Price Waterhouse Sequent Computer Systems Skandia AFS Texas Instruments Incorporated U.S. National Security Agency USAA
