

This Book Will Help You Get a Job at a Bar: Busboy to Bartender

Quit TRYING to be a bartender and actually BE one.... Do you think that you need experience to get a job at a bar? Or worse Do you think that you need bartending school to get a job? Do you think that a bartending license is a real thing? Can you afford to drop hundreds of dollars on Bartending school? Bad news those are legit concerns and real problems. Good news you dont have to worry about them. Heres why.... First thing: Get bartending school out of your brain you dont need it. In fact actually going to bartending school can hurt your chances of getting a job. Bar owners may actually laugh in your face when you tell them you have a bartending certificate. Seriously. Call up a bar and ask them. Second thing: Whats worse than bartending school Not doing anything. Being lazy. Giving up on your goal. Staying in your current crappy job while some other sucker gets a job behind a bar (having fun and making your money). Dont be lazy. So what are WE going to for YOU? Good question heres what . . . We will fast-track you to getting a job at a bar. We will put you ahead of the competition so you can beat the competition. You will save (and make) a ton of money this way. And you will do it all on your terms. Youre in charge. So youre gonna need . . . You need to know some basic stuff about working at a bar (for example a bare minimum of drink recipes, how to open a beer, etc). Also... YOU NEED TO GET SOMEONE TO HIRE YOU (this is the important part and where most potential would-be bartenders fail) Heres how well get you this . . . In our super short and easy to follow book you will find out: 1. The most popular drinks (and recipes) youll need. 2. What it takes to be a bartender 3. How to actually MAKE MONEY as a bartender 4. How to get your foot in the door so you can get a job Bartending schools/classes run for a finite amount of time. When theyre over you

know how to make drinks (which you could have learned from a \$8 recipe book), and you get a piece of paper that says Bartending License or something. Keep in mind this is made up by bartending schools and no bar will require this (and they actually may laugh in your face if you give it to them they probably wont hire you). Ok rant over. Enough negativity. Sorry were really passionate about this stuff. So heres what we do instead: We give you the info that bartenders actually use. Well give you the tools you need to get a job at a bar. No phony baloney bartending license. Weve been down that crappy bartending school road before. We want to steer our future bartender colleagues in the right direction.
