

Women Mentoring Women: Ways to Start, Maintain, and Expand a Biblical Womens Ministry

The 21st century has brought a new urgency for Christian women to search for meaningful relationships where they can live out their faith. This is due in part to our increasingly secular lifestyle and the radical changes in marriage and family life that have isolated and discouraged many women. Women Mentoring Women offers the solution to a chronic weakness in churches: the lack of involvement of wives, sisters, mothers, and daughters in vital womens ministries.
