

How to Win a Family Fight

Its Time to Fight Right If youre involved with one or more people in a continuing relationship, you can bank on one thing for sure: there will be conflict. Are you married? You will disagree. Are you single and living with parents or roommates? You will have different opinions. Do you work with clients or co-workers? You will face friction. Whenever there is conflict, you will either hurt (even destroy!) one another, or you will build up each other and benefit from the experience. It all depends on whether you fight wrong or fight right. Let Will Cunningham, in his refreshingly creative fashion, show you how to turn any disagreement into a winning situation - every time.
