

You Deserve To Be Treated Like a Princess

This easy to read guide is great for anyone from 13 to 60 who may not recognize she is not in a health relationship. All women no matter their age deserve to be treated like a Princess. They should ask themselves: Are you happy? Do you make excuses for him? Does he break promises; fail to show up on time and isn't concerned how you feel? Many women do not realize that if you let him get away with hurting your feelings, he will not respect you and will continue to walk all over you.
