

Young Citizens and Political Participation in a Digital Society: Addressing the Democratic Disconnect (Studies in Childhood and Youth)

Drawing on diverse theoretical perspectives, this book examines questions of youth citizenship and participation by exploring their meanings in policy, practice and youth experience. It examines young peoples participation in non-government and youth-led organisations, and asks what can be done to bridge the democratic disconnect.

It examines young peoples participation in non-government and youth-led organisations, and asks what can be done to bridge the democratic disconnect. **Young Citizens and Participation in a Digital Society** is an important and very timely contribution to a question that lies at the heart of our democratic malaise. **Young Citizens And Political Participation In A Digital Society** Book.
