

Rock Your To-Do List: Get to Your Bigger Goals Faster, With Less Stress, in Only 15 Minutes a Day

Have you ever rewritten your to-do list, hoping it would help you get more done? Do you look for the perfect planner, calendar, or organizer because you're convinced if you just found the right one, you'd be more organized and productive? Do you wonder why your life is so overwhelming when everyone else seems to be getting so much done? What if the problem wasn't YOU, but the systems you're trying to use? A self-proclaimed Type A personality, author Lain Ehmman tried it all. From Getting Things Done to the Franklin-Covey system to minimalism, she tested program after program, looking for the one that would finally work for her. But no matter what she tried, she'd end up at the same place: With a to-do list a mile long, and no clue how to fit her non-standard life into the squares on the planner calendar. Then one day, she asked herself an empowering question: What if the problem wasn't HER, but the systems? What if the real issue was trying to force her life into the system, instead of trying to find a system that fit her life? Suddenly, it all made sense. She threw out everything she'd learned about time management and started from scratch. Using the biggest lessons of productivity and efficiency from luminaries like Brian Tracy, Lain developed her own flexible, unique program from the ground-up. Rock Your To-Do List is that program. If you've constantly been frustrated by traditional productivity and time-management programs, RYTDL is for YOU. You'll learn: How traditional time-management programs fail us How you can accomplish MORE by doing LESS Why to-do lists are your secret weapon to productivity How to create SMARTY goals and more!

If you're ready for a flexible, powerful program that fits your life instead of forcing you to fit your multi-faceted, 3-D life into a 2-D planner, you'll love the RYTDL program.
